What our Graduates Say

LEE (BRITISH)

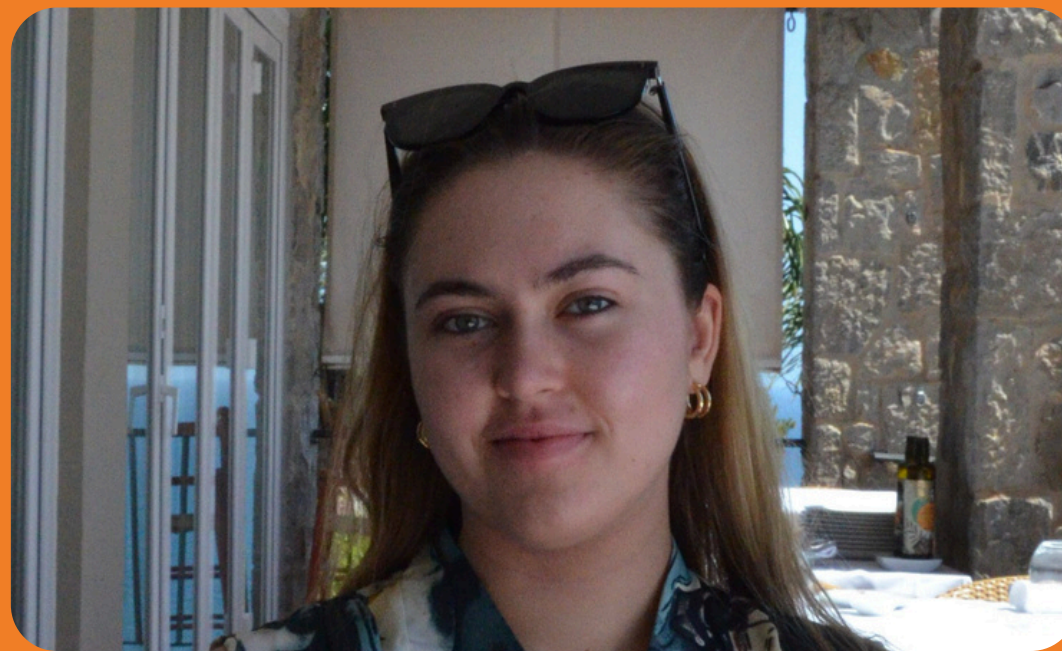

“

I have just completed a 4-week blended in person/online TEFL course. It was a brilliant experience. The 4 week course is intense, but you have the support of several experienced Tutors and Teachers to help you along the way. I can't thank them enough for their support. There is also a huge emphasis on Teaching Practice, which prepares you for when you go out into the real world of teaching! Would definitely recommend to anyone looking for further training, or a career switch!

”

ASIA (SPANISH)

“

I completed the TEFL in Malaga 10-week blended course and it was a success! The combination of online flexibility and in-person sessions provided the perfect balance for learning and practice. The course content was practical and engaging, with plenty of opportunities to apply what we learned in realistic teaching situations. I left feeling confident and fully prepared to teach English anywhere in the world. I absolutely recommend this course to anyone looking to pursue a teaching qualification!

”

VERONIKA (CR)

“

I recently completed a 6-week online course at TEFL in Malaga, which was a very satisfying and transformative experience. Despite the challenging assignments, I am pleased with the training I received. The teaching practices with foreign students were particularly enriching, and the tutors provided exceptional support and constructive feedback. This course significantly improved my lesson planning and teaching skills, and I highly recommend it to anyone looking to establish or enhance their teaching competencies.
